

# Trinity Grammar School Christmas Cards

The following pages illustrate Trinity Grammar Christmas cards that show some unique and interesting features. These include a line illustration of the school sketched by our own Miss Jobson as viewed from Trinity Gardens, plus a photograph of the Main Hall Stage used during school assemblies.

Miss Jobson's sketch appears to have been used for at least 2 years.

Also of interest is the form of the words used for the greetings

We only have the dates for one of the cards.
